The SBA also performed an evaluation and prepared a report for each county that submitted a request for MIP grant funding. After reviewing the submitted documents, on-site reviews were performed by the SBA to review the information as well as verify the severity of need for the proposed projects. All affected facilities were visited by the SBA staff and the interior and exterior conditions of each facility were examined. The SBA then scored, vetted, and compared each project individually, while utilizing objective criteria to evaluate each project. When asked by county superintendents, the SBA have also assisted in project development to ensure the specific project proposals meet the goals of the evaluation criteria for SBA-funded projects as outlined in WV Code §18-9D-16. Mr. Ashley and Ms. Angie Bradley then provided a brief review of each project, which included the following counties: Barbour, Berkeley, Braxton, Calhoun, Fayette, Harrison, Jefferson, Kanawha, Lewis, Lincoln, Logan, McDowell, Mercer, Mingo, Monongalia, Monroe, Nicholas, Pendleton, Pocahontas, Preston, Randolph, Taylor, Tyler, Upshur, Wayne, Webster, Wirt, and Wood.
