

School Building Authority of West Virginia
MASON COUNTY NEEDS PROJECT – ROOSEVELT ELEM. ELEVATOR, ADA & FIRE SUPPRESSION

This teacher work room is the option for the elevator location inside the central portion of the building.

The size of the existing restrooms, as shown from the entry door to the rear bathroom stall, are inadequate.

Typical outdated fire strobes will be replaced with the proposed fire alarm system upgrades.

The existing gang sink area between restrooms throughout the school are not handicapped accessible.
