

UPSHUR COUNTY – TENNERTON ELEMENTARY SCHOOL ADDITION & RENOVATIONS

A new safe school entry will be constructed for visitors to enter the facility at a new main office location.

The existing portable that houses kindergarten students will be removed. These students will relocate to a new addition.

The existing office is small and inadequate for this facility. An existing classroom will be renovated to create a new main office area.

The existing main entry will be relocated, and the new three classroom addition will be constructed at this location.
