

School Building Authority of West Virginia
WEBSTER COUNTY – WEBSTER SPRINGS ELEMENTARY SCHOOL RENOVATIONS

A new safe school entry will be constructed to provide controlled access to Webster Spring Elementary School.

The existing restrooms will be renovated to meet current ADA standards.

The existing HVAC units have reached the end of its life expectancy. New HVAC will provide a quieter, safer, and healthier environment for this facility.

A new sprinkler system will be added in the 1954 section of the building.
