

School Building Authority of West Virginia
GREENBRIER COUNTY - WHITE SULPHUR SPRINGS ES ADDITION/ RENOVATIONS

Site in front of school for the addition of the office, multi-purpose room and on-site parking.

The existing main office has limited natural visibility to the entry.

The project includes new HVAC equipment and replaces the ballast (gravel) roof with a new EPDM roof.

The playground will relocate to the side of the building with a higher fence for security.
