

School Building Authority of West Virginia
MERCER COUNTY– ADDITIONS & RENOVATIONS TO MCTEC

Proposed site of the new addition, located within existing greenspace of the campus, adjacent to new main entrance.

Existing secondary entrance to be renovated into new safe school main entrance to the facility.

Mechanical stair lift used by staff to transport heavy items to the second floor. The facility currently has no elevator.

Testing lab currently being used to house students in the healthcare program due to lack of available space.
