

School Building Authority of West Virginia
WOOD COUNTY - GREENMONT ES BUS LOOP/DROP-OFF

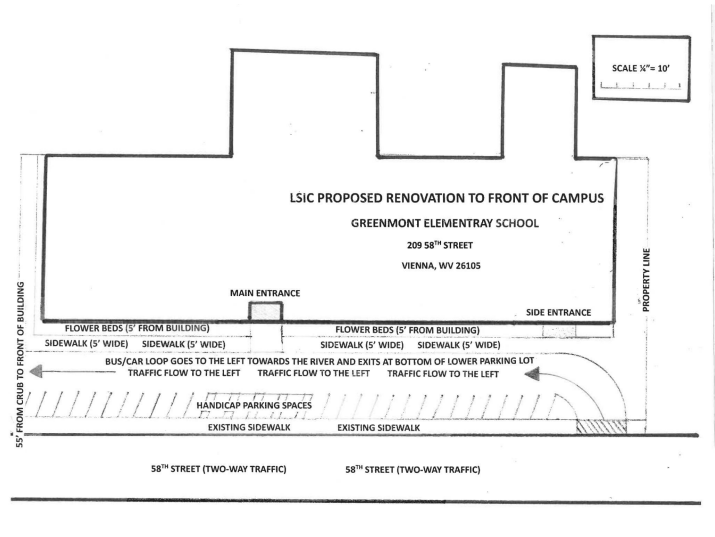

The school is fronted by a narrow, 2-way residential street. There is no dedicated bus loop/drop off.

Street backups reportedly occur every morning and afternoon during drop-off/pickup.

Currently, buses turn around in back of the school in the narrow teacher/staff parking area. Three vehicles have been hit by turning buses.

The proposed bus loop/drop off will address safety concerns, help alleviate traffic congestion, and add additional parking.
