

School Building Authority of West Virginia
MULTI-COUNTY/STATEWIDE PROJECT REQUESTS
 For the FY2025 Funding Cycle

<p>Mid-Ohio Valley Technical Institute</p> <ul style="list-style-type: none"> * Mid-Ohio Valley Technical Institute is requesting funds to replace the roof on the main building structure. The roof is nearing 28 years old and has been out of warranty since 2016. This section covers the office complex, entrance, student lobby, ten classrooms and three highwall labs. Water has leaked on the electrical conduits, fixtures and junction boxes in the shop area. There are water leaks throughout the building with each rain.. * This project proposes to replace 32,100 sq. ft. of roof with a new 60 mil EPDM rubber membrane roof. * Site visited on 4/19/24 by Patrick Elliott of the SBA with Ryan Haught, Director of MOTVI. * Located in St. Marys, Pleasants County, MOVTI serves students from Pleasants, Ritchie, Tyler and Wetzel Counties. 	\$ 2,491,439
<p>Calhoun-Gilmer Technical</p> <ul style="list-style-type: none"> * Calhoun-Gilmer Technical Center is requesting funds for upgrades to HVAC, lighting systems, and general renovations. There are continual issues with the existing systems and some components have exceed their life expectancy with no availability of parts for repairs. * This project proposes to replace the remaining rooftop units that were not replaced with ESSER Funds; install new lighting fixtures, new intercom system, new security system, new fire alarm system, and a new phone system throughout the main and adjacent buildings, as well as update the computer lab. * Site visited on 4/19/24 by Patrick Elliott of the SBA, with Bryan Sterns, Director of CGTC. * Located in Grantsville, Calhoun County, CGTC serves students from Calhoun & Gilmer Counties. 	\$ 2,234,269
<p>South Branch Technical Center</p> <ul style="list-style-type: none"> * This facility needs electrical upgrades to protect equipment from surge damage and low voltage issues. South Branch has found problems with not having sufficient water pressure. * This project proposes to upgrade switch gear and existing panels to four of six buildings. Additionally, SBCTC can connect more of the facility to a second water meter and create a water line loop with sufficient water pressure. * Site visited on 4/16/24 by Joyce VanGiler, SBA with Shelly Crites, Director, SBCTC. * Located in Petersburg, Grant County, SBTC serves students from Grant, Hardy, and Pendleton Counties. 	\$ 2,618,212
<p>Fred Eberle Technical Center</p> <ul style="list-style-type: none"> * With the recent addition of the HVAC program at FETC, the resulting increase in enrollment has further demonstrated the need for additional parking at the facility. Many students are parking in grass on-site, in adjoining locations not owned by the school, or even off-campus. * This project proposes to expand the existing parking lot by creating 24 spaces next to the new HVAC classroom, along with additional storm drainage and site lighting. This project scope would also include adding metal security screens to the seven existing garage doors to allow airflow in the shop areas while keeping the building secure. * Site visited on 4/23/24 by Mark Miller of the SBA, Jason Shantie of WSA, along with Rebecca Bowers-Call, Director of * Located in Buckhannon, Upshur County, FETC serves students from Barbour, Lewis & Upshur Counties. 	\$ 695,113
<p>United Technical Center</p> <ul style="list-style-type: none"> * This facility has a limited fire suppression system in one small area. The fire alarm system is scattered throughout the facility and does not meet current WV State Fire Marshal or WVDE guidelines. There are seven hand sink within all the shop areas. Some of the sinks are inoperable and all of them are corroded creating an unsanitary environment. * This project proposes to install a fire suppression system throughout the building and update the fire alarms to create a safe environment for all occupants. The sinks were part of a previous submission, but due to cost escalation were removed from the awarded bid, and now will be included as part of this project. * Site visited on 4/16/24 by Joyce VanGilder, SBA with Matt Call, Director, UTC. * Located in Clarksburg, Harrison County, UTC serves students from Doddridge, Harrison & Taylor Counties. 	\$ 1,790,932

Total SBA Funds Requested: \$ 9,829,965
